The date of this action constitutes the effective date of the institution's new status with HLC.

Action with Interim Monitoring. IAC continued the accreditation of Oklahoma State University-Oklahoma City, with the next Reaffirmation of Accreditation in 2029-30. In conjunction with this action, IAC required the following interim monitoring:

Interim Report. Interim report due 10/15/2020: A report on how OSU-OK has addressed Title IV findings from its program review, including results from the 2020 recertification and any subsequent actions.

Interim Report. Interim report due 6/30/2021: A report to update status of assessment efforts, to include but not limited to documentation of outcomes; evidence of faculty involvement; development of a process for general education courses; implementation of a process for co-curricular programs; and identification and consideration of assessment on non-academic programs that have significant impact on student success.

Embedded Report: A report to be embedded in the Mid-cycle review on key data elements that help to measure institutional effectiveness, including where and how they are gathered and how information is utilized to drive informed decision-making.

In taking this action, the IAC considered materials from the most recent evaluation and the institutional response (if applicable) to the evaluation findings.

In two weeks, this action will be added to the *Institutional Status and Requirements (ISR) Report*, a resource for Accreditation Liaison Officers to review and manage information regarding the institution's accreditation relationship. Accreditation Liaison Officers may request the ISR Report on HLC's website at <https://www.hlcommission.org/isr-request>.
