November 15, 2018

VIA ELECTRONIC MAIL

Dr. Marianne Mount, President
Catholic Distance University
115 W. Congress Street
Charles Town, WV 25414

Dear President Mount:

This letter is formal notification of action taken by the Higher Learning Commission (HLC) Board of Trustees (“the Board”) concerning Catholic Distance University (CDU or “the Institution”). This action is effective as of the date the Board acted, November 1, 2018. In taking this action, the Board considered materials from the most recent comprehensive evaluation, but not limited to: the Assurance Filing the Institution submitted, the report from the comprehensive evaluation team, the report of the Institutional Actions Council (IAC) Hearing Committee, and the institutional responses to these reports.

Summary of the Action: The Institution has been granted the status of Candidate for Accreditation. The term of candidacy is four years. The Institution must have an evaluation, known as a biennial evaluation to determine whether the Institution is making reasonable progress toward meeting accreditation requirements by the end of the Candidacy period. The Board action scheduled the Institution’s biennial evaluation for academic year 2019-20. The date of the comprehensive evaluation for initial accreditation will be identified in official HLC records as 2021-22.

In taking this action, the Board approved the Institution to offer Associate’s, Bachelor’s, and Master’s programs. The Board also approved the Institution to offer courses and programs via distance education, as well as correspondence education.

Institutional Disclosure: The Institution must accurately disclose its status as a Candidate for Accreditation.1 While Candidacy represents a form of affiliation with the Higher Learning Commission, it is not accredited status. If the Institution chooses to reference its Candidacy status in advertising and recruiting materials or other document or location, that disclosure must accurately describe the Institution’s status as a Candidate for Accreditation with the Higher Learning Commission. The Institution will accompany that reference with information on how to contact HLC. HLC reserves the right to issue a public statement or Public Disclosure Notice (PDN).

1 CRRT.A.10.010 Eligibility Requirements
correcting any incorrect or misleading information the Commission determines that an Institution has publicized about its status.\(^2\)

**Board Rationale**

The Board based its action on the following findings made with regard to the Institution:

The Institution has demonstrated that it meets all the Eligibility Requirements, Assumed Practices, and Federal Compliance Requirements, as required of an institution seeking Candidate for Accreditation status.

The Institution has demonstrated that it has the capacity to meet the Criteria for Accreditation, including all Core Components, within the period of Candidacy.

**Supplemental Information about Early Initial Accreditation**

As a general matter, candidate institutions also have the opportunity to file an application for early initial accreditation – before the completion of the four-year candidacy term – and host an on-site evaluation to determine whether they meet the requirements to become accredited. The Institution may seek early initial accreditation in 2019-20 provided that it has graduated or will graduate its first graduating class within thirty days of any Board action in November 2020 to award early initial accreditation. This evaluation may be in addition to, or instead of, the biennial evaluation. Regardless, the Institution is limited to one evaluation for early initial accreditation during the four-year candidacy period. Following an evaluation for Early Initial Accreditation, the Board has the discretion to continue the Institution in Candidacy, instead of granting early initial accreditation, if a determination is made that one or more Core Components are Not Met or Met with Concerns, or if a recommendation to grant early initial accreditation is conditioned upon interim monitoring, or if the Board otherwise determines that continuation of Candidacy is warranted.\(^3\) If the Institution applies for early initial accreditation and is not successful in gaining accreditation, the Institution remain scheduled for its evaluation for initial accreditation as stated above.

**Next Steps in the HLC Review Process**

**Updated Assurance Filing:** The Institution must provide information to update the Assurance Filing assembled at the time the Institution was evaluated for Candidacy. The updated Assurance Filing will address specific areas of concern identified by the Candidacy visit team and provide information relevant to the Institution’s continued progress toward meeting the Criteria for Accreditation. While the Institution need not write to them specifically, the Institution must also continue to meet the Eligibility Requirements and Assumed Practices. (Federal compliance is not a component of the Biennial Evaluation.)

\(^2\) FDCRA.A.10.070, Public Information  
\(^3\) INST.B.20.030, Accreditation
Biennial Evaluation: The Institution will host a biennial evaluation in 2019-20 to determine whether the Institution is making sufficient progress toward meeting the Criteria for Accreditation and continues to meet all the Eligibility Requirements and Assumed Practices, and whether a recommendation to continue the schedule of Candidacy may be made. The Biennial Evaluation will also include a focused review of the Institution’s progress towards meeting Core Component 3.C regarding its faculty evaluation process and faculty development, and Core Component 4.B. focused on the Institution’s assessment of student learning.

Institutional Actions Council Review: The Institutional Actions Council (IAC) will review the documents associated with the evaluation to determine whether the schedule of Candidacy may be continued because the Institution is making sufficient progress toward meeting the Criteria for Accreditation and continues to meet all the Eligibility Requirements and Assumed Practices. Alternatively, if the Institution fails to continue to meet all the Eligibility Requirements and Assumed Practices, or is not making sufficient progress toward meeting the Criteria for Accreditation, the IAC may recommend that the Board withdraw Candidacy.

HLC Disclosure Obligations

The Board action resulted in changes that will be reflected in a Statement of Accreditation Status as well as an Institutional Status and Requirements Report. The Statement of Accreditation Status, including the dates of the last and next comprehensive evaluation visits, will be posted to the HLC website.

HLC policy\(^4\) requires that a summary of Board actions be sent to appropriate state and federal agencies and accrediting associations. It also will be published on HLC’s website. The summary will include this HLC action regarding the Institution.

On behalf of the Board of Trustees, thank you in advance for your cooperation. If you have questions about any of the information in this letter, please contact your HLC Staff Liaison, Dr. Mary Vanis.

Sincerely,

Barbara Gellman-Danley
President
