Southeast Arkansas College status changed from “Accredited” to “Accredited – On Probation”

Effective: June 27, 2024

The Higher Learning Commission has placed Southeast Arkansas College in Pine Bluff, Arkansas, on Probation. HLC took this action because it determined that the institution is out of compliance with HLC requirements.

The initial period of Probation is not more than two years. Probation affords an institution a reasonable period to address HLC’s concerns. While on Probation, the institution remains accredited, and it has the opportunity to remedy the issues that led to the sanction.

What This Means for Students

In most cases, other colleges and universities will continue to accept the institution’s credits in transfer or for admission to a higher degree program. All colleges and universities define their own transfer and admission policies. Students interested in pursuing a higher degree or transferring should contact the college or university they plan to attend so that they are knowledgeable about the admission and transfer policies for that college or university.

Noted HLC Requirements

HLC concluded that the institution is out of compliance with the following HLC requirements:

- Criterion 4, Core Component 4.C, “Persistence, retention and completion outcomes”
- Criterion 5, Core Component 5.A, “Effective governance and administrative structures”
- Criterion 5, Core Component 5.C, “Systematic and integrated planning and improvement”

HLC concluded that the institution needs to address additional concerns related to the following HLC requirements:

- Criterion 4, Core Component 4.A, “Ensuring quality of educational offerings”
- Criterion 4, Core Component 4.B, “Assessment of student learning”

Next Steps

The institution is required to host a comprehensive evaluation no later than December 2025. In June 2026, the HLC Board of Trustees will determine whether the institution has demonstrated that it is in compliance with HLC requirements and whether Probation can be removed.

To provide transparency for all stakeholders, HLC publishes a [Directory of Institutions](#) on its website. The directory includes information about a college or university’s accreditation status, recent activities and upcoming activities.
